GARANT was established in 1990, Klaipeda, Lithuania. During 30 years, the company has grown from a local ship repair company into international holding **GARANT GROUP**, providing All-In-One ship services.

Nowadays it is a family owned international group of companies, which offers comprehensive solutions for the maritime industry worldwide.

“Dear Partners,

All these years our mission has been to be a reliable partner ensuring the superior quality of service to our Good Customers.

Our dedicated team of professionals has a strong will and capacity to take up any challenge. We enjoy our work and find quality solutions that always meet our Customer expectations.

Go on a journey and be sure
- Your Ships are in Expert Hands!”
