Subject: Statement on EU legal requirements regarding Perfluorooctanoic acid (PFOA), its salts and related substances and Perfluorooctan sulfonate (PFOS)

Chania, Crete, Greece

To whom it may concern

On June 15, 2020, the EU published Regulation (EU) 2020/784, that amended the existing EU legislation on PFOA, its salts and PFOA-related compounds in a wide range of products under Annex XVII of EU REACH, Commission Regulation (EU) 2017/1000 and Annex I to Regulation (EU) 2019/1021 (EU Persistent Organic Pollutants Regulation). These amendments came into force on July 4, 2020. These regulations require, subject to certain exceptions that, as from July 4, 2020, mixtures and articles placed on the market in the European Union will require a concentration of ≤ 25 ppb of PFOA, including its salts, and ≤ 1000 ppb of one or a combination of PFOA-related compounds and PFOS free.

We confirm to you that below mentioned MOBIAK fire extinguishers, which include BSX & ECODARE ABF -30M agents, comply with the EU legal requirements regarding Perfluorooctanoic acid (PFOA) its salts and related substances and Perfluorooctan sulfonate (PFOS):

- MBK13-060BSX-P1L
- MBK13-090BSX-P1L
- MBK13-020ABF-P1E
- MBK13-060ABF-P1E
- MBK13-090ABF-P1E
- MBK07-090AF-P1D
- MBK07-060AF-P1E
- MBK03-500AF-W1B
- MBK18-500AF-W1B

We appreciate the attention given.
